

S3IDF's Service-Gap Bridging Model

FPC genesis (with local NGO)

Financial & Technical Service Gaps

S3IDF & Partner bridge gap using financial and technical innovation

Capacity Gaps

S3IDF & Partner bridge gap with capacity building and training techniques

Financial Growth Gaps

S3IDF & Partner bridge gap by providing access to financial support for sustainable growth

FPC sustainable operation

Direct Impacts

Indirect Impacts

FPC receives loan, membership and incomes driven upwards with initial investment successes

Farmers and laborers feel secure in livelihood, have enough to eat and invest necessities

Farmers and laborers better manage the FPC with increased knowledge

Member use their new knowledge to manage their own household expenses and accrue savings

FPC applies for SFAC credit guarantee and has access to higher lines of credit for long-term sustainability

Increased revenue stream lead to women-led SHGs added to the value chain, and family stability
